SECRETARY

To All Kentucky Law Enforcement Officers:

The Department of Criminal Justice Training has the statutory responsibility of providing training courses for Kentucky's law enforcement agencies. The projection of the 2003 law enforcement training needs for Kentucky is based on research, comprehensive surveys and information that was submitted to our staff by the various law enforcement agencies we serve.

The Department of Criminal Justice Training developed these training courses for the purpose of satisfying the requirements of the law and to provide high quality training for Kentucky's law enforcement agencies. We believe the 2003 Training Schedule will accomplish these goals.

The Department of Criminal Justice Training of the Kentucky Justice Cabinet has completed the 2003 Training Calendar and Schedule. The Training Calendar and Schedule of Classes will be provided free to all law enforcement agencies within the Commonwealth and any other agency outside the Commonwealth who requests one. This calendar and schedule is available for public viewing and will be made available to the public upon request. **Please pay particular attention to the new section on Career Development opportunities.**

I want to thank the many dedicated employees of the Department of Criminal Justice Training for their hard work and input into compiling this schedule. We continue in our efforts to provide quality law enforcement training to the police officers of the Commonwealth.

KENTUCKY LAW ENFORCEMENT COUNCIL

Peace Officer Training Standards

The Kentucky Law Enforcement Council is responsible for certification or approval of curricula, instructors, and schools conducting police training for purposes of the Kentucky Law Enforcement Foundation Program Fund (KLEFPF) pay incentive. The Department of Criminal Justice Training has obtained certification for all law enforcement officer courses contained in this schedule of classes. Other courses may also be approved.

Peace Officer Professional Standards

The Peace Officer Professional Standards Act establishes minimum qualifications for employment and certification as a peace officer in Kentucky. The Kentucky Law Enforcement Council has been designated as the agency to administer the certification process.

Career Development Program

New to the Kentucky Law Enforcement Council's responsibilities is the Career Development Program; open to law enforcement officers and telecommunicators, the program provides structure to the training process through career tracking. The program will acknowledge and reward officers and telecommunicators whose training and academic efforts are aligned with career objectives. Beginning January 2003, the program will be phased in regionally across the state.

PEACE OFFICER TRAINING REQUIREMENTS

Basic Training: KRS 15.380 and KRS 15.400 requires the certification of State Police officers, city, county, and urban-county police officers, deputy sheriffs (except those identified in KRS 70-045 and 70.263(3)), state or public university safety and security officers, school security officers, airport safety and security officers, Alcoholic Beverage Control field representatives and investigators, and investigators of the Division of Insurance Fraud.

To be certified, KRS 15.404 requires peace officers to successfully complete, within one year of appointment or employment, 640 hours of basic training at a school certified or recognized by the Kentucky Law Enforcement Council. This includes all full-time, part-time, and auxiliary officers, whether paid or unpaid.

Excepted from the basic training requirements are sheriffs, coroners, constables, jailers, Racing Commission security officers, and the Commissioner of State Police. Federal peace officers cannot be certified.

In-Service Training: KRS 15.404 requires peace officers annually to successfully complete 40 hours of in-service training at a school certified or recognized by the Kentucky Law Enforcement Council. Excepted from the in-service training requirements are sheriffs, coroners, constables, jailers, Racing Commission security officers, and the Commissioner of the State Police.

TELECOMMUNICATIONS TRAINING REQUIREMENTS

Telecommunications Training: KRS 15.530-15.590 requires any sworn or civilian employee who is employed to dispatch law enforcement by means of radio communication, on a full time basis, to successfully complete 40 hours of basic training within twelve months of employment and 8 hours of in-service training each calendar year. Part-time trainees attending the academy will pay for meals and housing.

KRS 15.560(2) requires all full-time law enforcement telecommunicators in Kentucky to successfully complete an 8-hour in-service training course each calendar year.

Obtaining Credit for Basic Training

A law enforcement officer who as of his date of employment has already successfully completed a law enforcement basic training course may, for the purpose of obtaining credit for meeting the basic training requirement, apply to the Kentucky Law Enforcement Council for credit. Upon receipt of the request, the Executive Director shall verify that the officer has successfully completed a basic training course that was certified or approved by the police officer standards and training council in the state where it was taken. The officer and his department shall be responsible for providing the proof needed for verification. Minimum requirements include:

- A copy of the topics and hours of the basic course taken;
- Documentation that the course was successfully completed;
- Documentation that the course was approved or certified by the POST agency in the state taken, and;
- Documentation that the person was a certified sworn law enforcement officer in the state where the basic was taken.

If an officer has successfully completed a certified or approved basic training course and has honorably retired from a law enforcement agency, the training standard shall be the same as existed at the time and place the basic training was taken.

Obtaining Credit for In-Service Training

The Kentucky Law Enforcement Council must approve any course taken for certification or KLEFPF credit. All law enforcement courses listed in this schedule of classes have been approved. Courses taken at other schools may also be approved. If the course has not been approved, an officer can request approval by submitting the following to the Council office before attending the course:

- The name of the agency conducting the course
- A schedule of the course
- A biographical list of instructors teaching the course
- Number of hours of training
- As much descriptive information about the course as possible to assist the Council in making its decision

Except in unusual circumstances, the Council does not approve for training credit:

- Conferences where attendance is not mandatory and recorded
- Courses that are not tested
- Courses that are submitted after the fact
- Courses presented by commercial enterprises to sell products or services

If an officer learns of the existence of a course between Council meetings and wants to request approval, it should be done by addressing a letter to the Council office including as much information as possible about the course. The request will be presented at the next regular Council meeting where a decision will be made.

KLEC Approved Out-of-State Basic Training

Police Basic Training taken in another state may be transferred to Kentucky.

For training to transfer, it must meet the same standards that exist in Kentucky in terms of topics and hours.

The following documentation must be submitted:

1. A copy of the topics and hours of the Police Basic Training taken.
2. Documentation that shows the training was successfully completed.
3. Documentation that the training was certified or approved by the Police Officer Standards and Training (POST) agency in the state where the training was taken.
4. Documentation that the applicant was certified and successfully completed probation as a law enforcement officer in the state where the basic training was taken.

The Kentucky Law Enforcement Council will also approve a police basic training course that was less than the 640 hours under the following conditions:

1. The basic course met Kentucky's training standards at the time it was taken, or
2. The course was certified or approved by the Police Officer Standards and Training agency of the state where it was taken, and
3. The officer has honorably retired from the department.

If the above conditions are met, in order to become certified the officer must successfully complete:

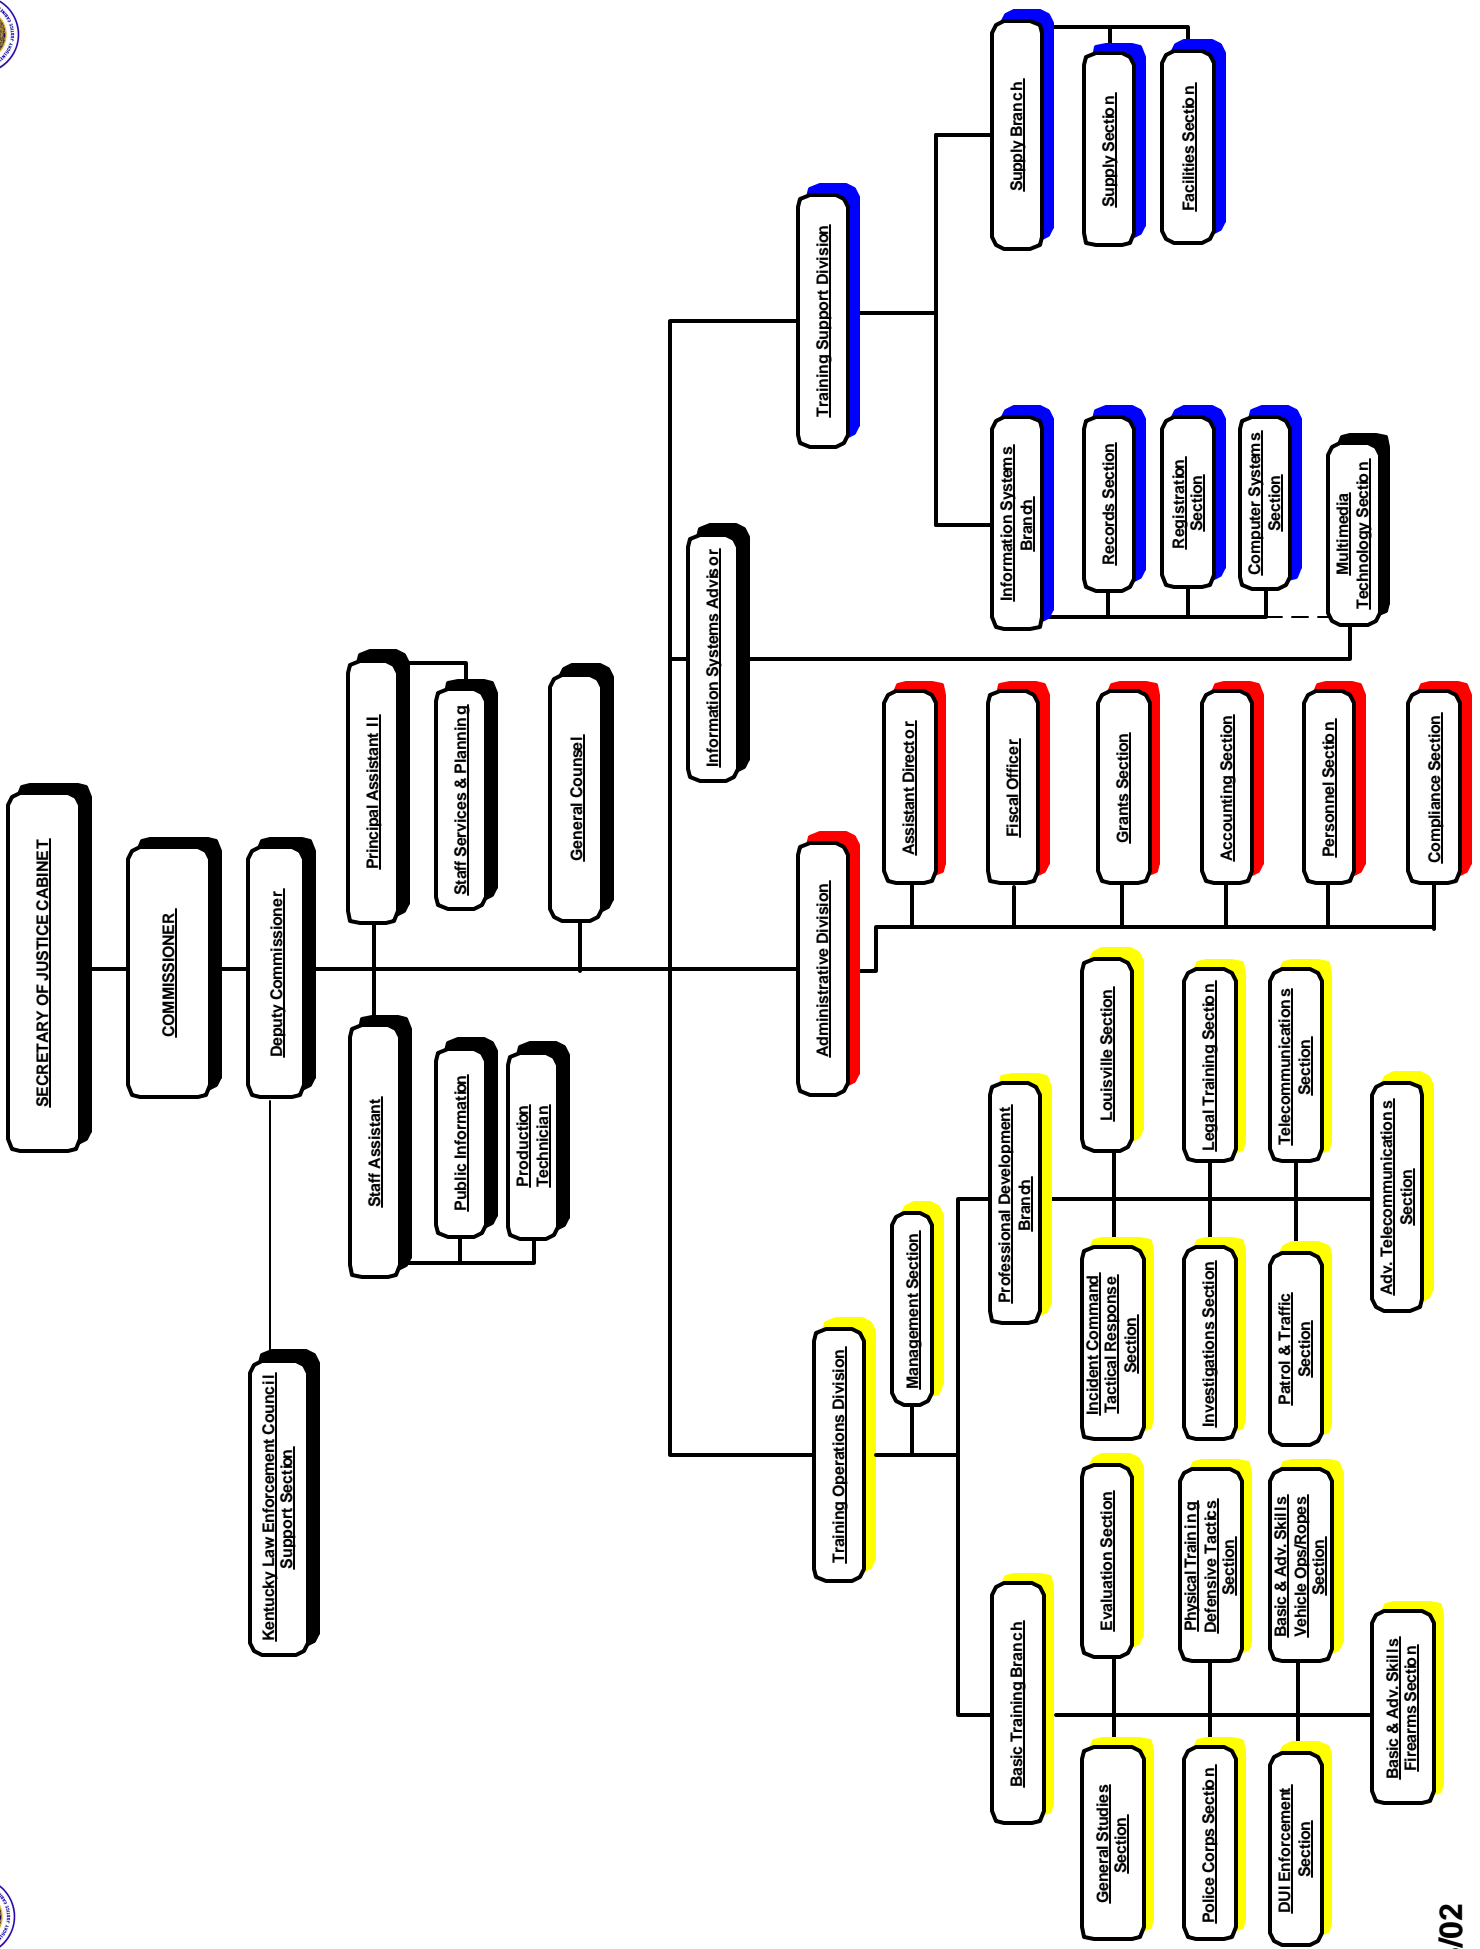

1. The Basic Officer Skills course, (#0782-02C)
2. The Legal Update: Constitutional Procedures and Legal Update: Penal Code courses (#1026-020 and #0890-03C)

Kentucky peace officers who have been separated from law enforcement employment for more than 36 months must also take the above listed courses for recertification.

NOTE: Any officer who has been separated from sworn law enforcement for more than three years and whose separation is greater than his law enforcement experience must complete Basic Training.

TRAINING

Kentucky Justice Cabinet Criminal Justice Training Introduces Education Pays!

In 1998, Governor Patton introduced the Education Pays! campaign in an effort to bring awareness to Kentucky's low national ranking in education attainment and the importance of education at all levels. The likelihood of better paychecks increases with the level of education or technical expertise. In fact, the average college graduate earns \$25,000 more per year than the average high school dropout. So, education truly pays.

Nationally, 20% of the population has a baccalaureate degree, as compared to 13% of Kentuckians and 9% of the Kentucky law enforcement community. As Kentucky law enforcement pursues more pay and better benefits through increased standards and better training, we must also increase our abilities and awareness through higher education.

The Department of Criminal Justice Training (DOCJT) has created alliances with Kentucky's institutions of higher education and is removing barriers that traditionally impeded college enrollment. It is DOCJT's goal for each Kentucky law enforcement officer to hold an associate's degree at minimum and to understand the importance of higher education and quality training.

This document outlines new educational opportunities for Kentucky law enforcement. Colleges and universities across the state and nation have recognized the quality, accredited training provided at the Department of Criminal Justice Training, and in response have awarded college credits for completion of basic training. Additionally, DOCJT will pay for college entrance testing for basic training recruits. These free opportunities open the door to those law enforcement officers who understand the importance of higher education and the advanced pay and knowledge it brings.

Governor Patton and the Department of Criminal Justice Training strongly encourage each law enforcement officer to take advantage of educational and training opportunities. In an effort to assist any interested officer, Evaluation Section Supervisor Patrick Miller has been assigned as program coordinator with responsibilities for counseling law enforcement officers on educational opportunities, creating and maintaining alliances with institutions of higher education, and integration of Education Pays! into the Career Development Program. Please contact Mr. Miller at (859) 622-5930 or pmiller@docjt.jus.state.ky.us for assistance and further program details.

American College Testing (ACT):

The Department of Criminal Justice Training will pay all fees associated with the ACT college admission exam for eligible recruit officers. The ACT is a standardized, multiple-choice, college admission exam. It is accepted for admission by virtually all U.S. colleges and universities.

Eastern Kentucky University:

Recruits can apply to enroll as non degree-seeking students while enrolled in basic training. They may then choose to receive up to nine credit hours tuition free for completing basic police training. Furthermore, recruits who enroll at ECU after successfully completing basic training are eligible to receive an additional seven hours of ECU college credits in various topic areas at no charge.

The Union Institute and University:

Officers in Northern Kentucky may find it beneficial to take advantage of the college credit offered by the Union Institute and University in Cincinnati, Ohio. Recruits who submit official records of successful completion of the Department of Criminal Justice Training Basic Training program are eligible for 15 plus, up to an additional 12 semester hours based on a certified statement from the recruit's agency on his/her successful completion of a probationary period and further professional development courses.

Rio Salado College:

Officers who have completed the 16-week basic training course are able to obtain 39 semester hours in Law Enforcement Technology at Rio Salado College in Arizona. Students must submit a Credit by Examination Application from Rio Salado and pay \$16.75 per credit hour. Officers may then obtain their Associate of Applied Science Degree by applying to Rio Salado online at <http://policetraining.rio.maricopa.edu>. The additional 25 credit hours needed for the associates degree will be at the out of state tuition rate of \$125 per credit hour.

College Substitute for In-Service Training:

The Kentucky Law Enforcement Council will accept the completion of one, three-hour college course in lieu of in-service training once every three years. This will enable Kentucky Law Enforcement Program Fund (KLEFPF) participants to advance their education and continue to receive their annual training stipend. Participants are required to have their department head's approval, complete the course with a "C" grade or above, and attend a regionally accredited university or college.

Future Endeavors:

The Department of Criminal Justice Training continues to explore other advancements in education for Kentucky Law Enforcement Officers. The agency is currently working with the Kentucky Community and Technical College System (KCTCS) to obtain college credit toward an Associate in Applied Science in Criminal Justice at any college in the Kentucky Community and Technical College System. Furthermore, DOCJT continues to explore the feasibility of paying the registration fees for the Graduate Record Examinations (GRE) and College Level Examination Program (CLEP).

MANDATORY TRAINING BY VIDEO TAPE

Course Number: 032S-030

The Professional Development Branch will offer the Mandatory Training (HIV/AIDS, Hazmat, Domestic Violence, Child Sexual Abuse, Mental Health and Elder Abuse) via videotape in 2003. It is a legislative requirement and/or federal regulation that each sworn officer attend this training, view, and digest the material shown in the tape. Although there is not a test or measurement for the training session, each officer is responsible for its contents. This will also serve as eight hours towards the forty hours of Kentucky Law Enforcement Council certified training as required by both Peace Officer Professional Standards and KLEFPF.

According to the Kentucky Law Enforcement Council, it is the responsibility of the Chief of Police, Sheriff, or Chief Executive officer to ensure that each of the officers view the Mandatory Training videotape (eight hours) in an environment conducive to learning, so as not to have their department's KLEFPF funds jeopardized.

The Mandatory Training videotapes may be accessed through the Supply Branch (859-622-2298) and may be kept for up to 30 days. A DOCJT Form 29-1, listing all the officers that view the training tape, shall be sent to Registration.
